

Topic 4

Each team will explain part of the topic using the slides and possibly adding slides with an example.

In this way we also practice presenting in English.

Distribution of tasks:

- Unsigned, 15-18, Eligius (always the easy stuff)
- Signed magnitude 19-22, Dani and Christine
- Two's complement, 23-26, Javier and Robert → changed with Lex and Al
- Excess K, 28-29, Serge GM and Iman
- BCD, 30-37, Sam and Isi
- Fixed point, 43-45, Marina and Serge GP
- Floating point, 47-56, Maurice and Sam
- IEEE 754, 57-67, Paula and Juan
- Hamming distance, 70-74, Andres and Albert
- Parity code, 76-79, Raul and Ann
- SEC/DEC, 81-87, David and Martin
- Slides 38 and 40 as exercise, Lex and Al → changed with Javier and Robert
- Exercise on 15 april, Sergio CD
